## NOTES

- The chamber is already assembled before shipping.
- On arrival, connect the chamber to the main unit, then the outdoor AC unit with the included pipes.
- It's then ready to use — we'll provide a setup guide.
- 110–120V / 15A dedicated outlet (2.0 ATA and infrared ship with a 220–240V compressor package).

## SHIPPING

- Ships in two wooden crates:
- Crate 1 90.6" L × 78.7" W × 86.6" H
- Crate 2 24.8" L × 49.2" W × 59.1" H

## DELIVERY TIMING

- Please allow 8 weeks from purchase to delivery.
